

APPLE CHIPS

Prep: 10 mins

Dehydrate: 6 hrs

Ingredients:

20 Apples

Directions:

Peel apples, if desired.

Remove core

Cut into rings, about 1/2cm thick. A mechanical peeler works well for this.

To prevent browning, dip apple rings in lemon juice or an ascorbic acid solution. Drain the apples well.

Place on drying trays in your Excalibur Dehydrator.

Dry at 54.4°C for 5 to 6 hours.
